SENATORS ATTACK PRIMARY SYSTEM

Express Dissatisfaction With Way It Works Out in Many States.

Washington, February 28.—The primary election system adopted by many States was attacked in the Senate today during consideration of the election of Senator Stephenson, of Wisconsin. Senator Stephenson declared the primary opened the way for "graft," while it was condemned as unsatisfactory by Senators McCumber and Overman. Senators Borah and Briarwood defended the law.

Mr. Heyburn, chairman of the Judiciary Committee, which exonerated Stephenson of charges of corruption in his election, admitted that he did not approve of the "most liberal" expenditures made on Mr. Stephenson's behalf in the election, but insisted the election was valid. He characterized the primary as a "straw vote" which gave opportunity for "grafting."

Contending that the right of election was reserved entirely in the Legislature, Mr. Heyburn said that Mr. Stephenson had been actually elected twice on January 28, 1909, when the two houses of the Legislature met, and again by the joint vote on March 4. He insisted the United States Senate had no right to go behind the Legislature to inquire into the primary.

When Senator Heyburn declared that only 10,000 of the 600,000 voters in Wisconsin had cast their ballots in the primary, Senator Overman, of North Carolina, expressed dissatisfaction with the Legislature's action.

Senator McCumber interrupted to say that it was a fair example of the operation of the system.

Will Invest in Dismal Swamp.
Washington, February 28.—How Assistant Secretary Hays, of the Department of Agriculture, offered to take stock in a company to develop swamp lands in Dismal Swamp, N. C., was brought up before the House Committee on Agriculture today.

Mr. Hays testified that he had made the investigation of the swamp, and that a drainage engineer in the department and engaged at the time in looking over the North Carolina property.

John Selp, of Chillicothe, O., the promoter of the proposed corporation, testified that he had abandoned the plan because of the attitude of the committee. He testified that Wright was to have received a commission of \$5,000 from the State for making the sale of Lake Mattamuskeet, and a gift from him of \$10,000 in stock in the company which was organized. This double connection, Mr. Selp said, led him to drop the affair because he felt that it would make impossible a clear title to the swamp.

Mr. Selp said that he had left the government service, and that he had left the government service, and that he had left the government service.

Washington, February 28.—An array of evidence heard by the Judiciary Committee in regard to the appointment of C. P. Swan as United States marshal for Delaware, was laid before the Senate today by Senator Reed, of Missouri, in urging the passage of his resolution providing for an investigation of the election of Senator Swan.

Senator Reed insisted that if this evidence was given credence, the Senate should investigate the 1910 election, but should deny the Delaware Senator an explanation of his action in recommending for appointment a man whose appointment was to be engaged in corrupt practices.

Mr. Reed said that he had given a thorough investigation of the election of Senator Swan, and that he had given a thorough investigation of the election of Senator Swan.

CASTRO IN CHARGE AT PORTSMOUTH

Former Southern and South Atlantic League Player Will Manage Truckers.

Portsmouth, Va., February 28.—Joe Castro will manage the Truckers of 1912. Captain Charles T. Blunt, owner of the local franchise, closed with his last night, receiving Castro's wired acceptance of his terms from Atlanta, where he is wintering.

He gives Captain Blunt assurances, in his wire, that he will be able to get the local team together within twenty days, and produce a winning club.

Castro is a name familiar to the Southern circuit. He played on the Southern circuit as a member of the Atlanta team, and has been associated with the South Atlantic League. He is best known perhaps for his Southern League connections, where his work as a player earned him recognition at the hands of sporting writers, particularly in Atlanta.

Janke Wells Assisted.
Captain Blunt said last night that Janke Wells, president of the Wells theatrical enterprise, and an old ball player himself, aided him in engaging Castro, recommending the player high-rolling a good word for Portsmouth in entering him to accept terms and come this way.

Castro will play in the infield for the Truckers, and will, in all likelihood, be seen around second base, where his ability has had most of its experience.

Castro said last night that he is having plans prepared for the new park, which will be turned over in a few days. It is his idea to have the grandstand built close to the ground and on modern lines.

BASEBALL SQUAD BEGINS PRACTICE

(Special to The Times-Dispatch.)
West Raleigh, N. C., February 28.—With the passing of Washington's birthday, when the baseball men are called to drill, regular practice has been taken up by the local squad, and will be held daily until the end of the season.

In his capacity of athletic director at A. M. "Eddie" Groves will have charge of the baseball squad and will do the coaching. He has had the squad for the team out for practice every afternoon, the weather permitted for the past week, the athletic field presenting a very busy scene. In the past week, the squad was composed of nearly seventy men, but it has now been cut down to a working squad of about thirty-five men.

It will be cut still further before the season opens on the 15th of March.

The hardest problem that Coach Groves and Captain Seftert will have to solve this season is the development of a diamond pitcher, being the only infield position that is open, all of the others being filled with regulars from last year's varsity. To the pros, the State for no reason, the pitcher has been presented himself for the place, every man with any ability for infield work at all being given an opportunity to show what he can do at this position.

Members of the 1911 varsity team who have reported for the team are Captain Seftert, catcher; Robert Stafford and Tucker, pitchers; Patton, second base; Hartwell, short stop; Jones, third base, and Page, utility man.

The three positions in the outfield are open, a large number of candidates being tried for these positions. The field is being filled with regulars from last year's varsity. To the pros, the State for no reason, the pitcher has been presented himself for the place, every man with any ability for infield work at all being given an opportunity to show what he can do at this position.

Bowling.
The regular scheduled contest between the Virginians and News Leader was howled at the Newport last night. Interest was keyed to the highest pitch, as it is the final series of the season. The two teams, Captain Spilling rolled high score, also high total in the series, while Blair and Chas. Ward tied for second high total. Richmond's entry list in the national bowling tournament is complete and the teams representing Richmond are: Patterson, N. J., on March 17. The scores:

Handicapped by bad luck the Newport team could not overcome the lead of the strong Journal team in their regular scheduled series at the Newport alleys last night, the Journal winning the series in fine style. Seftert, of the old Crystal team of a year back, but who lately was signed by A. A. Groves, put up a grand total of 600, capturing the high total of the series. Van Amman again captured the individual high score for the Newporters. Smith rolled high score, and Hutchinson high total.

PINE STREET BAPTIST CHURCH REVIVAL MEETING.
The Pine Street Baptist Church will begin a series of meetings next Sunday. The pastor, Rev. J. B. Hutton, will have the assistance of Rev. P. O. Soper, pastor of the East End Baptist Church. Services will be held every night at 8 o'clock during the week. Mr. Soper is a strong preacher, and has been very successful in holding revival meetings.

LANDGRAF NOW IN 75 CANDIDATES CHARGE OF THINGS REPORT FOR WORK

Arrives in Richmond and Will Remain Here—New Outfielder Signed.

E. C. Landgraf, holder of the Richmond franchise in the United States Baseball League, arrived in town yesterday and he will be here from this time on. Mr. Landgraf came from Washington, where he held a conference on Tuesday with Hugh McKinnon, of the Washington Club, and they were joined by President William of the new league. It was stated that prospects for a bright opening and a successful season are all that could be desired, and that Mr. Landgraf is actually on the ground and in charge of all future activities. Things in this section, so far as the United States League are concerned, are expected to take on new life. Richmond within the next day or two and work on the new grounds of the local club soon will be started.

It was announced yesterday that another outfielder, Tom Plummer, has been signed for the Richmond Club. He is a left-handed thrower and batter, and hit for a percentage of 270 in the Ohio League last season. In work on the schedule of games is progressing rapidly.

Mr. Landgraf is chairman of the committee on playing dates, and he has been in the art of base-sliding, studiously in all cities except Richmond and Reading, where fights will be welcomed. In the major league towns the largest number of club games will be at Cleveland, where there will be six of which four are to be on Sunday. In Washington there will be six of which four are to be on Sunday. The new diamond at University Christened With Five-Inning Contest.

(Special to The Times-Dispatch.)
Charlottesville, Va., February 28.—"When the battery candidates of the Washington Club report on Lambeth field next Monday morning they will find as nice a diamond as they ever worked out on," said Empire Rigger, of the National League at the close of today's practice. The popular coach of the Virginia team has worked hard to get the grounds in shape by the time of the arrival of the new diamond. Rigger's opinion, and a glance at the diamond-to-day shows that he has accomplished splendid results. Fifteen men were kept busy yesterday putting on the finishing touches. A combination of cinders, sand and clay has been used on the infield, and in Rigger's opinion, it will make a hard surface. That it will dry quickly has already been demonstrated. There was a heavy fall of rain here Monday, and the diamond was in its shape for use this afternoon.

The bright sunshine today brought out nearly seventy-five candidates for the university team, and the practice was by far the best of the season, the men being kept on the field until nearly 6 o'clock. At the close of the day's work, Coach Rigger gave the men a drill in the art of base-sliding. The new diamond was christened with a five-inning contest, the first class of the year. The varsity had the big and the three football players will be in the line-up of the regulars was as follows:

Finlay, catcher; Grant, Goodhue and Tomlin, pitchers; Grant, first base; Kuntz, second base; Douglas, shortstop; Neff, third base; Fitchett, left field; McMorris, centre field; Lile, right field.

Five of those players won their letter as members of last year's team, and a full percentage of the varsity two years ago. Those composing the second team were: Jenkins, catcher; Holcomb and Gammon, pitchers; Grant, first base; McGuire, second base; McIntyre, shortstop; Hewitt, third base; Strickland, left field; Landes, centre field; Tansley, right field.

Eppa Rixey, the mainstay in the box, reported for work today for the first time in his duties as manager and performer on the basketball court having required his attention for some time past. Goodhue, fullback in the football team, will be the second pitcher. In the month that he has worked out in the gymnasium he has shown marked improvement in control, according to Rigger, and will make good this year.

Pointing to Douglas, Rigger said, "There is the best looking ball player I ever saw outside of the big leagues. He has a wonderful arm and natural ability."

Harry Spratt, of the Boston Nationals, who is getting into shape for the coming season, is assisting Rigger in developing the Virginia squad.

PUT TWO COUNTIES IN FIFTH DISTRICT
Halifax and Charlotte Taken From Sixth by Senate Elections Committee.

Halifax and Charlotte will both be taken from the Sixth Congressional District and placed in the Fifth. If the action of the Senate Committee on Privileges and Elections is to stand, the two counties will be taken from the Sixth district last night. No other district is changed.

The Bowman bill as passed in the House, which leaves all the existing district lines untouched, was under consideration. The amendments were made in view of what the committee considered would be the best interests of the party—adding two Democratic counties to the district which has been close in so many elections, and which Judge W. W. Saunders now occupies by such an extra point.

All districts were left as they are by the House in obedience to the mandate of the House Democratic caucus. The committee on that side had decided to put Halifax in the Fifth, and Giles, Blount and Tazewell in the Sixth. But Joseph Stabbin, Jr., of Halifax, and duval Radford, of Bedford, with their associates, worked so hard to have the districts let alone, that the majority of the caucus voted that way.

Should the Senate pass the bill with its committee amendments, it will go back to the House for further consideration. Then there may be another caucus.

Charming Comedy Well Played.
It has become almost a habit with some dramatic critics to speak of what they call the "stage" as a certain concession, if not contempt. If they mean by that phrase a part requiring for its proper presentation a man who can dress well, walk well, and (hardest of all) stand at ease, who can read his lines intelligently and intelligibly, and who can play it with a light, easy, and a certain sense of sense of comedy and a polished method, then they unwittingly dignify the part and the actor, for such a part is infinitely harder to play successfully than any other. It requires infinitely more finished art than any "strong" roles, abounding in "big" scenes, or your epigrammatically amusing parts, the epigrams and amusement of which are supplied by the wit of the author.

Henry Decker has provided John Drew with another opportunity to show his skilled ability as a comedian without the necessity of any "strong" actor without pose or pomposity who always plays easily, entertainingly and delightfully, who never makes a false move, nor ever disconcerts those who care for the little details that go to make the finished actor.

The play is a charming comedy of today, with enough of sentiment to make it also a pretty bit of sentiment without sentimentality.
